IMPORTANT NOTICE

Pathways Abilities Society is committed to providing the best services possible. This can only be achieved by the application of well thought out policies and procedures to guide the performance of each employee, contractor and volunteer and outline for individuals and families how these services will be provided. Volunteers include the Board of Directors, practicum students and community members.

The policies and procedures enable staff, contractors and volunteers to carry out the mission and mandate of the organization within a valuing setting. They set a clear standard for service performance by stating the premises under which we operate and the subsequent expectations of the agency, its staff, contractors, volunteers and persons served. The policies and procedures are developed collectively, reviewed and updated regularly and encourage consistency in attitudes and actions of all. They also force us to examine issues of importance to the people we serve and our process for handling these issues.

To-that-end, we value and want your input and opinions! Our policies and procedures are available on our website www.pathwayskelowna.ca and at each of our service location. If there are polices and/or procedures that need to be updated and/or are missing please let Charisse Daley at ed@pathwayskelowna.ca Thank you!
