

**Calling All Self-Advocates**

**What is Self-Advocacy?**

Self-Advocacy is learning how to speak up for yourself, making your own decisions about your own life, learning how to get information so that you can understand things that are of interest to you, finding out who will support you in your journey, knowing your rights and responsibilities, problem solving, listening and learning, reaching out to others when you need help and friendship, and learning about self-determination.

**Why is Self-Advocacy important?**

So that you have the knowledge and information needed to succeed and are given the chance to participate in making decisions that will improve your quality of life.
